# The Radford Spirit

**V**IRGINIA found at Radford an atmosphere which made college life a joy. As she grew into the fullness of its spirit, to be a Radford girl became a delight and pride to her. Virginia thinks the college atmosphere should be most carefully considered in selecting your Alma Mater. Radford spirit is due to—

An intangible something which permeates the life of the institution, making as one family the girls of fourteen states, two foreign countries, and every section of Virginia.

A College where each can win recognition for scholarship and personal qualities.

Friendship between Faculty and Students.

Democratic Student Government.

A Christian Association with service for every one.

Literary Societies which stimulate literary development, wholesome rivalry in debate, study of literature, citizenship, etc.

Health and recreation in Athletics (Basketball, tennis, golf, swimming, hiking).

Dramatic Club plays.

Honor Fraternities.

Musical opportunities in Piano, Violin, and Voice.

Fine Arts (China, oil, water color painting).

A library full of good books and current magazines.

Fun and frolic in the social life of the Dormitories.

Banquets, birthday parties, receptions.

Two real school publications, "Grapuchat" and "Beehive"—filled with the record of many happy hours.

New modern buildings which are furnished with many beautiful home touches.

A full religious participation in City Churches, Y. W. C. A., Assembly, nightly prayer service.

A Campus unsurpassed in beauty.

These with many other things make the Spirit which Radford offers you. Write for catalogue and full information.

## A REEL OF COLLEGE LIFE AT RADFORD STATE TEACHERS COLLEGE

### COLLEGE MOTTO

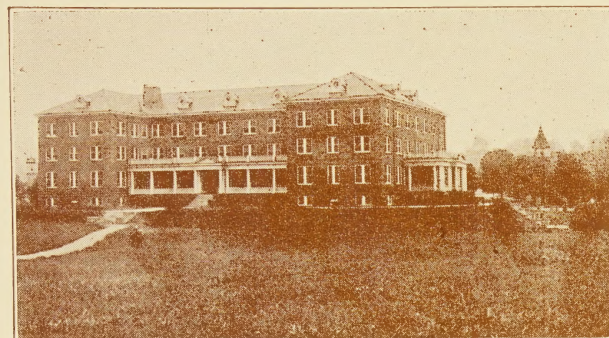

*"If we work upon marble, it will perish; if we work upon brass, time will efface it; if we rear temples, they will crumble into dust; but if we work upon immortal minds and imbue them with principles, and with a just fear of God and love of their fellowmen, we engrave on those tablets something that will brighten to all eternity."*

VIRGINIA  
when she received her  
degree found the world  
offered many opportuni-  
ties for educated women

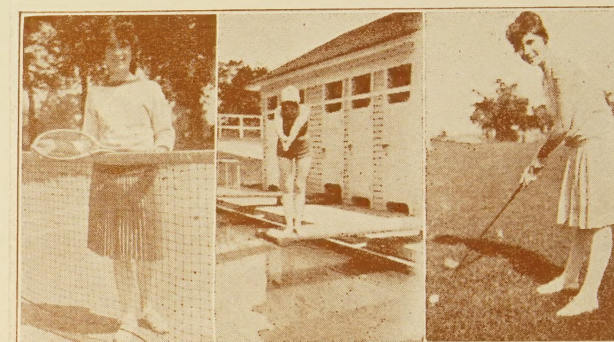

DR. J. P. McCONNELL, President  
Radford State Teachers College

Virginia was assigned a room in Madame Russell Hall, one of  
the large Dormitories.

When she studied the Library just suited the needs of a college  
student. There are three rooms filled with books on all subjects.

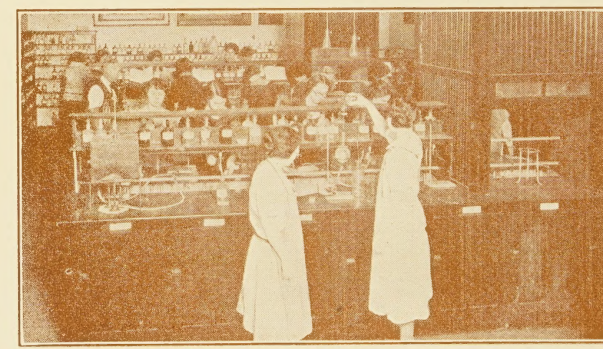

Virginia found many hours of recreation on the golf links, in  
the swimming pool or on the tennis court.

She and her classmates studied the Grapuchat, Bee Hive and  
catalog which he sent and decided to go to Radford College.

Her room was grand! Her roommates were such fine girls; soon  
they made their room a real home.

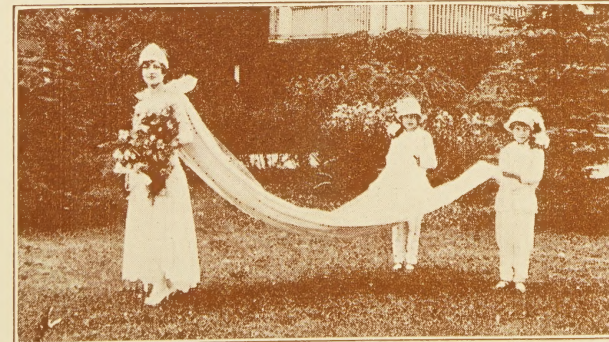

Chemistry and Biology fascinated her. All of her classes are made  
interesting by well prepared instructors.

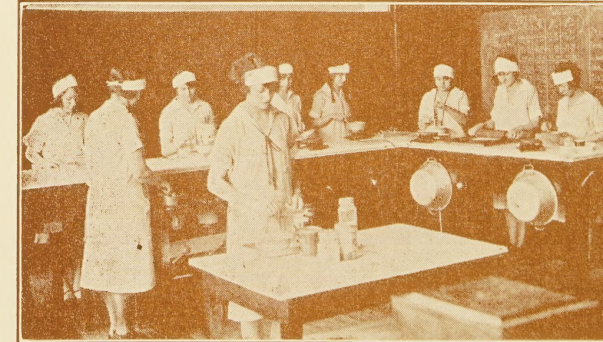

Virginia was a loyal supporter of the Basketball squad. She was  
proud of the record of the Radford teams.

In September they arrived at Radford. Old girls welcomed.  
It was a thrilling experience to meet so many girls.

The campus affords an ever changing background for parties,  
May Day and social life.

Virginia's chum takes Home Economics. She studies about nutri-  
tion, budgets, etc. Sometimes she keeps house.

Student Council, Y. W. C. A., Literary Societies, Glee Club, Frater-  
nities gave Virginia varied extra class activities.

## What Radford College Offers Virginia

**For Herself:** An opportunity to be an educated woman capable of real service to herself and humanity. The opportunity to develop her body by healthful living, her mind by real study, her spirit by joyful participation in an environment rich in religious, social and cultural experiences.

**For Her Life's Work:** An opportunity to take a regular college course in a standard college, the content of which is arranged—

1. To meet the requirements for the Elementary, Normal and Collegiate Professional Certificates as authorized by the State Board of Public Instruction.
2. To meet the standards for the Bachelor of Science degree, which admits to the graduate institutions of the nation, and gives the holder the best certificate to be earned in Virginia.
3. To meet the standards of the American Association of Teachers Colleges, and the Southern Association of Colleges and Secondary Schools, of which Radford College is a member.

The curriculum is arranged—

- a. Two year course, leading to graduation with diploma, Normal Professional Certificate, which authorizes the holder to teach in elementary schools.
- b. Four year course, leading to Bachelor of Science degree, Collegiate Professional Certificate, which authorizes the holder to teach in any standard high school.
- c. Four year course in home economics, which trains for teaching, home demonstration work, dietician.
- d. Special courses in music, expression, physical education, fine arts, supervision and education.

A student can study practically any subject she wishes at Radford. Courses offered in all

**ACADEMIC SUBJECTS:** Mathematics, English, French, Spanish, Latin, History, Social Science, Education.

**SCIENTIFIC SUBJECTS:** Home Economics, Industrial Arts, Geography, General Science, Chemistry, Biology.

**PROFESSIONAL SUBJECTS:** Education, Methods of Teaching, Supervision and Administration of Elementary and High Schools, Demonstration and Laboratory Schools.
